***QP fees do not generally include Patent and Trademark Office (PTO) filing fees or increases thereto, patent issuance or maintenance fees, nor out-of-pocket expenses such as formal drawings, database charges, etc.** A complete estimate will always be provided, however, so that clients are knowledgeable about costs to expect. Turn-around times are estimates and assume all required materials and payments have been delivered to us, and do not take into account RUSH jobs that may delay completion of your project. We cannot provide legal advice, such as opinions as to trademark search results. We are not a law firm.

QP strives to ensure the accuracy and completeness of our research services. However, because of the subjective natures of such research and possible incomplete data supplied to us, we cannot warrant that our search reports are 100% complete or error-free. Accordingly, we disclaim all warranties of merchantability or fitness for a particular purpose. Any liability arising out of the preparation of our search report is limited to a refund of the search fee paid. This search is sold on a "best effort" basis only.
